Gas prices are on their way to record highs in Arizona. With gas prices targeted to reach \$5 per gallon by this summer, will this tip us back into a recession? Join four experts as they discuss why prices are rising and how it will affect us.

Moderated by: Ryan Randazzo, Business Reporter, *The Arizona Republic*.

The Global Institute of Sustainability's Case Critical series responds to time-sensitive sustainability concerns at the local, national, and global level. Experts swiftly mobilize for solution-based discussions focusing on the environmental, social, and economic implications of high-stakes threats and breaking news issues.
